Hi Bryon,

I appreciate the update. To confirm I have it correct, can you review the final version below including the dates? Also, for the dust control portion, there is nothing being requested for Wednesday, is that correct?

Thank you,

Equipment:

- 45 A-frame barricades
- 25 - 30 Handicapped Parking Vertical Panels (will schedule pick up time with Parks & Rec)
- 25 traffic cones
- 4-5 Digital Messaging signboards

Notes regarding A-Frames & Cones:

Byron stated the barricades and cones would be used as barricades around the site or to help delineate traffic lanes internally (not on main roadways.)

DMB: The first four are a priority, the last board is the lowest priority

- 1 board to be placed at the north exit of the millings lot with the message "EXIT",
- 1 board to be placed 100' or so EAST of the east entrance to the park with message "Event Entrance Second Right"
- 1 board 200 ft WEST of the west entrance to the park with the message "Event Entrance Next Left".
- 1 digital message board to be placed at the North-East corner of Participant parking facing west, to say EXIT with an arrow pointing to the south.
- 1 digital message board to be placed in the south overflow lot at the top of the pedestrian walk, with the message 'Event Access Here'

Equipment to be on-site no later than 10:00 a.m. on Wednesday, March 8, 2023.

Dust Control:

- Thursday: 2-7 p.m.
- Friday: 1-11 p.m.
- Saturday: 6 a.m. - 3:30 p.m. & 3:30 p.m. to Midnight
- Sunday: 6 a.m. - 7 p.m

Soil Tack: (map attached)

1. South entrance area to Arena 1 to include the area from the Paseo to the Arena Rail.
2. Area north of Concession Stand along the north edge of the building to just west of Arena 4 announcer stand, go north to just past announcer stand, turn west back to Paseo.

Parking Lots

North Lot: Parking aisles delineated to Town specifications by center flag lines. Design so that the cars pull into the flag line from either side. Please see accompanying map.

South Lot: Boundary delineated by flag line or fence line.

North Lot Parking Layout. Flag to capacity of lot.
